Arriving at the activity place, the visitor will be welcomed and introduced to a tourist guide, who will do the presentation of the place, like souvenirs stores, toilettes and dressing rooms. At the dressing rooms it is possible to keep all your belongings in a locked closet. At the leisure area, there's a pool where the guide will give orientations about the activity and do the training with the visitor, showing them how to use the mask and snorkel, letting everything adjust so there won't be further problems at the snorkeling. The activity starts with a walk through a 800 meters wood trail until they reach the spring of Baía Bonita river, where the snorkeling begins. After visiting the spring of Baía, you will reach Rio Formoso starting point. There's the possibility to go in the boat for those who doesn't want to snorkel. The snorkel takes about 01 hour. After the snorkel everybody goes to a Wood trail, walking and several waterfalls where the visitor can have even more fun. Always followed by experiment guides, you'll reach little animals reservation, where you can see snakes like Sucuri, among other animals.
